# Why?

Ethical, sustainable, ecological, innovative,  
inspirational, efficient, transparent

No phony smiles here. We value ethical practices and an ecologically sustainable future for our children far more than profit. We believe practices contrary to these ideals are repulsive and we utilize no child labor, no planned obsolescence, no factories that have reprehensible waste and which have no environmental conscience; NO. The highest quality, longevous products can be affordable to regular people...in fact, anything less is unaffordable.

With these tenants as the core of our business practice, we have created the finest precision made manicure products in Solingen, Germany..."the city of blades" - world renowned for its impeccable steel manufacturing. Meticulously engineered with pride, care and attention to detail by adult artisans, our unique designs prevent wear, so the same product can last your family for generations. Specifically designed to provide smooth cutting instead of crushing, trimming instead of ripping, and finite shaping instead of micro-tearing, our products provide you with the healthiest treatment for your nails.

Loving yourself is the first step to loving others. We are Germaniküre. Welcome to our family
