

Are you Hooked?

You don't have to keep replacing your nail clipper.

How long did your last clipper stay together? Unlike most other clippers that simply use a cheap hook to keep the blades together, GERmanikure uses a special pin and post. But that's only one of the features that enable our tools to last. The nail clipper is made of the hardest high carbon surgical steel of any clipper on the market, and the ergonomic, curvaceous design makes it feel like you are indulging instead of clipping.

SWEDISH STEEL – Since clipper blades touch constantly, we import superior hardness steel from Sweden to keep them razor sharp.

SWISS MADE RIVET – To join the blades together, we import precision rivets from the Swiss clockwork industry to ensure strong and precise performance.

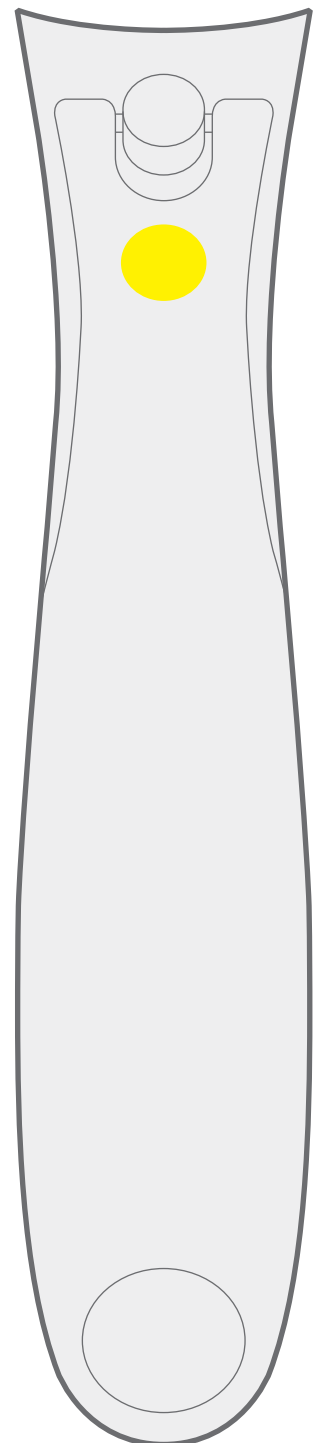

SOLINGEN HAND-SHARPENED - Every Germanikure clipper is hand sharpened and polished by Solingen artisans.

PIN AND POST – No hooks! Our handle is assembled with a pin and post to stay together for a lifetime.

LEATHER PROTECTED - Leather is a naturally cushioning material. Each clipper comes in a soft leather case to protect your investment against nicks and scratches.

And, we are Eco-Friendly

You can rest assured that this clipper is not only well-designed and long-lasting, but is also ethically made, fairly priced, environmentally sound, and will not end up in landfills like most other over-the-counter products.

Why?

Ethical, sustainable, ecological, innovative,
inspirational, efficient, transparent

No phony smiles here. We value ethical practices and an ecologically sustainable future for our children far more than profit. We believe practices contrary to these ideals are repulsive and we utilize no child labor, no planned obsolescence, no factories that have reprehensible waste and which have no environmental conscience; NO. The highest quality, longevous products can be affordable to regular people...in fact, anything less is unaffordable.

With these tenants as the core of our business practice, we have created the finest precision made manicure products in Solingen, Germany..."the city of blades" - world renowned for its impeccable steel manufacturing. Meticulously engineered with pride, care and attention to detail by adult artisans, our unique designs prevent wear, so the same product can last your family for generations. Specifically designed to provide smooth cutting instead of crushing, trimming instead of ripping, and finite shaping instead of micro-tearing, our products provide you with the healthiest treatment for your nails.

Loving yourself is the first step to loving others. We are Germaniküre. Welcome to our family

Team:

Robert V. Surprise, Jr. - Chief Executive Officer
Jennifer Dignan - Corporate Relations Specialist
Annie Jones - Executive Assistant
David Weiner - International Sales
