

Not a scratch

Seal the nails, don't rip them!

Germanicure Crystal Glass Nail Files are anything but ordinary. It starts with the finest 3mm thick Bohemian glass, tempered, a patented design, and handcrafted, but all of this just barely scratches the surface of what makes our files special. Here is why you will never need another nail file.

SUSTAINABLE - No abrasives are sprayed or glued to the surface like most other files, allowing them to never lose texture and to last a lifetime. No waste, no pollution, and no overflowing landfills with disposable files.

SUPER SEALED - Our glass nail files are chemically etched using patented technology, which creates a truly uniform surface. This file smooths and seals the nail surface without chipping, tearing or gouging. It actually makes your nails healthier!

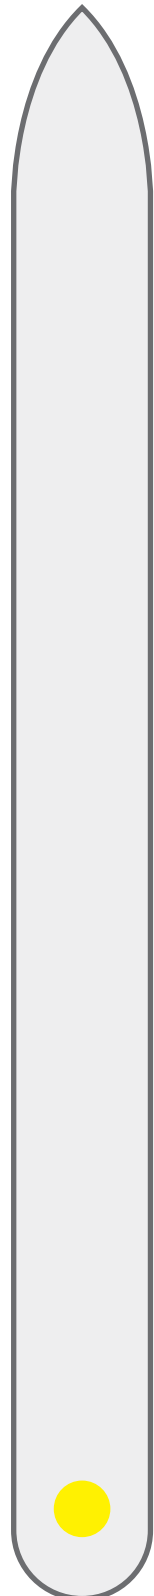

WET OR DRY - Our glass nail files can be used wet or dry, and even on calloused areas of the skin.

OMNIDIRECTIONAL - It's true, our hi-tech files break the rule you have been told about filing in only one direction. Our glass files actually help polish and seal your nails with every directional stroke!

CHEMICALLY QUENCHED - Our special hardening process increases strength up to 90% making this file very hard to break.

MOTIVATIONAL - Each file comes imprinted with an inspirational, spiritual, motivational, or humorous, phrase sandblasted onto the file to convey a message, mantra, or belief.

LEATHER PROTECTED - Leather is a naturally cushioning material. Each file comes in a soft leather case which helps protect your file against breaks, nicks and scratches.

why?

Ethical, sustainable, ecological, innovative.

No fake smiles here. We value ethical practices and an ecologically sustainable future for our children far more than profit. We believe practices contrary to these ideals are repulsive and we utilize no child labor, no planned obsolescence, no factories that have reprehensible waste and which have no environmental conscience; NO. The highest quality, longevous products can be affordable to regular people...in fact, anything less is unaffordable.

With these tenants as the core of our business practice, we have created the finest precision made manicure products in Solingen, Germany..."the city of blades" - world renowned for its impeccable steel manufacturing. Meticulously engineered with pride, care and attention to detail by adult artisans, our unique designs prevent wear, so the same product can last your family for generations. Specifically designed to provide smooth cutting instead of crushing, trimming instead of ripping, and finite shaping instead of micro-tearing, our products provide you with the healthiest treatment for your nails.

Loving yourself is the first step to loving others.
